Fall 2017

Remembering with Flowers . . .

An abundance of beautiful wild flowers were provided again this year by Jane Stratton, and Life Enrichment Coordinator, Jean Hinderer, gently guided participants in the experience of floral design. Each person used his/her own ideas for a “special” flower creation...each of which made a lovely backdrop for the memorial service for long-time friend and participant **Betty Clark** who passed away on August 23.

Betty at last our Luau last year.

Betty, famous for her red hair and sparkling jewelry, was remembered by her friends at **Circles**—participants, staff, and volunteers—and by the thoughtful people who cared for her beyond Circles. She was remembered for her warmth, humor, and lively and colorful spirit. After the Memorial Service the flowers were taken home by each participant as a personal remembrance of, and admiration for, Betty.
